

Derma Care®

LIGHTLY POWDERED VINYL EXAMINATION GLOVES

• STANDARD EXAMINATION GLOVE

Backed by the industry's leading quality system, Derma Care® lightly powdered vinyl is 100% synthetic and features a smooth surface for natural tactile sensitivity.

Not made from natural rubber latex.

Comfort, performance and value in a powder-free medical examination glove.

Backed by the industry's leading quality system, **Derma Care®** lightly powdered vinyl gloves are thicker than typical vinyl gloves and have a smooth surface allowing for maximum tactile sensitivity. Lightly powdered with absorbable cornstarch (USP) for easy donning, the **Derma Care®** vinyl glove is 100% synthetic and provides hand protection for a variety of applications.
