

FreeForm® EC

POWDER-FREE BLUE NITRILE EXTENDED CUFF EXAMINATION GLOVES

Recommended for use in the following industries:
Laboratory, EMS, Corrections / Law Enforcement,
Industrial Safety, Automotive

With an extended cuff for added protection over the wrist and arm, **FreeForm® EC's** patented* formulation offers comfortable strength in a relaxed fit nitrile examination glove.

Unlike conventional nitrile gloves, which tend to feel stiff and unforgiving, **FreeForm® EC** works with your hands as they move. **FreeForm® EC** is a model example of strength and comfort in a nitrile glove.

FreeForm® EC gloves meet or exceed the emergency medical glove requirements of NFPA 1999, *Standard on Protective Clothing for Emergency Medical Operations*, 2003 edition.**

** Certification on file.

Recommended for use when:

- Strength and protection are of great importance
- Day-to-day hazards require the best combination of durability and comfort
- Working in environments that demand consistent grip and reliability

NOT MADE FROM NATURAL RUBBER LATEX

FreeForm EC's Attributes

	ASTM D 6319	FreeForm® EC
Length (mm/in):	220 / 8.7	295 / 11.4
